

1. **Title of the Practice**

Model United Nations (MUN)

2. **Objectives of the Practice** - Promote diplomacy and negotiation skills, encourage research and critical thinking, cultivate leadership and public speaking skills.

3. **The Context** - Model United Nations is an event held annually in the second half of the year. Organized by BMCC, the competition aims to provide a platform for students to hone their diplomacy skills and international relations knowledge.

4. **The Practice** - MUN competition aims to provide a platform for students to enhance their diplomacy and negotiation skills by simulating real-world United Nations committees. Participants engage in debates, draft resolutions, and work collaboratively to address global issues, thereby fostering a deeper understanding of international relations.

5. **Evidence of Success** - Through participation in the MUN competition, students have the opportunity to hone their leadership and public speaking skills. By representing different countries and advocating for their positions, participants improve their ability to articulate ideas, engage in persuasive communication, and lead discussions effectively.

6. **Problems Encountered and Resources Required** – Since MUN is fairly new for many students in the college, developing their understanding towards the competition and their orientation becomes a challenge. Resources are required in the form of classes which is easily available.

7. **Notes (Optional)**
